Volunteer Participation Policy

At Katz Hillel Day School (KHDS), we are deeply committed to fostering a strong and connected community where each family plays a vital role in enriching the educational experience of our children. To support this vision, we kindly ask all families to contribute at least 8 hours of volunteer service during the 2025-2026 school year. This initiative is designed not only to enhance your connection to the school but also to model the values of volunteerism, chesed (kindness), and community involvement for our students. We understand that every family has unique circumstances, and we are committed to working flexibly with you to find opportunities that align with your strengths, priorities, and availability. If completing the 8 hours is not feasible, you may opt to make a tax-deductible donation of \$500 in lieu of your volunteer hours. Our primary goal is to create an environment where each family feels empowered to contribute in a way that is meaningful and manageable, thereby strengthening our collective commitment to our children's growth and the Torah values that guide us.
